

## COS2: Application to vary annual practising certificate

### Provisional vocational scope

#### SECTION 1 - IMPORTANT INFORMATION

- Please use this form to apply to Council for a change in employment, work location or supervision arrangements while you are registered in a provisional vocational scope of practice.
- Your completed form must be submitted through Council's online portal, [myMCNZ](https://myMCNZ.org.nz). Our processing time is **20 working days** from receipt of a complete application.
- Council approval must be given before commencing in a different position or supervision arrangement. Commencing work before approval has been granted is considered a breach of your professional obligations as a medical practitioner. The time worked in breach will not be counted towards your requirements for vocational registration. You must wait until the requested changes are approved and endorsed on your practising certificate. Your practising certificate will **not** be back dated.
- We require up to date supervision reports to be provided through our online portal.
- If you are registered via the provisional vocational assessment pathway:
  - you are required to have onsite supervision from a doctor registered in the same vocational scope as you, at each location.
  - Council will request the advice of the relevant medical college on the suitability of your proposed changes.
  - a **non-refundable** fee applies if changing employer/work location/supervisor (or adding an additional supervisor).
