

## NZREX3: Clinical Application

### Checklist

**PLEASE READ THE FOLLOWING. IT CONTAINS IMPORTANT INFORMATION.**

#### Documentation that must be provided with the application:

- Documentation demonstrating name change, or a statutory declaration explaining any variation in your name across your documents (if applicable)
- Copy of your passport
- One passport sized photo taken within the last 4 months
- Copy of your primary medical qualification (with an official English translation, if applicable)
- Copy of your IELTS or OET report, which meets Council's requirements (scores and validity for the examination you are applying for) or necessary documents as evidence to meeting Council's Policy on English language requirements
- Copy of your:
  - USMLE Step 1 and 2(CK) test results **OR**
  - Certified copy of AMC MCQ result **OR**
  - Medical Council of Canada Qualifying Examination (MCCQE Part I) **OR**
  - Print out of PLAB Part 1 result (PLAB results are verified directly with the General Medical Council)

**NOTE:**

*Council requires that at the time of sitting NZREX Clinical your prerequisite knowledge examination result must not be older than 5 years. Please ensure that your results are valid for the examination date you are applying for.*

Please check Council's website for examination dates. You can only apply for an examination where vacancies are still available. Depending on when your complete application has been processed, you may be offered a position on a waitlist for an earlier (full) examination.
